★ Issue 3 ★

Where Does
Rain Come From?

★ A story about curiosity, wonder, ★
★ and asking big questions. ★

Rain again!

There is nothing to do today...

Sia! Want to know a secret about rain?

A secret?!

Papa where does rain come from?

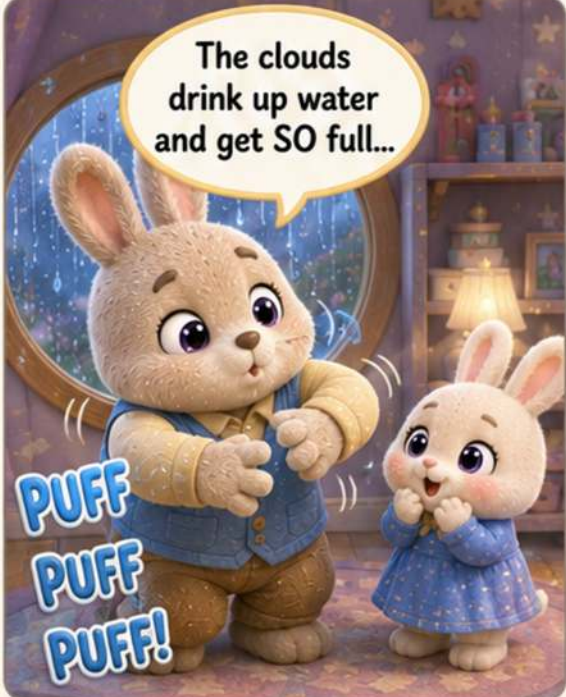

Okay! So let's start with clouds...

The fluffy ones?

The very fluffy ones!

The clouds
drink up water
and get SO full...

**PUFF
PUFF
PUFF!**

...and then
WHOOOOSH!
The rain falls down!

WHOOOOSH!

So the clouds
are sharing their
water with us?!

Exactly!

Now can we
go say thank you
to the clouds?!

We jump in
their puddles.
That is how we
say thank you!

SPLASH!

And Sia never looked at a rainy day
the same way again.

The End!

♥ See you next time, adventurer!
